Education in Pakistan is overseen by the Federal Ministry of Education and the provincial governments, whereas the federal government mostly assists in curriculum development, accreditation and in the financing of research and development.Article 25-A of Constitution of Pakistan obligates the state to provide free and compulsory quality education to children of the age group 5 to 16 years.

Education in Pakistan - Wikipedia

The detailed explanation of the arguments can be found in the Excel FV function tutorial.. In the meantime, let's build a FV formula using the same source data as in monthly compound interest example and see whether we get the same result.. As you may remember, we deposited \$2,000 for 5 years into a savings account at 8% annual interest rate compounded monthly, with no additional payments.

Compound interest formula and calculator for Excel
