The main subject of the book is the excessive power granted to big business starting in the 1970s. The book provides detailed information on free-market political economics in America and the many evil geniuses that made it happen. Andersen explains how our downfall began with a complete restructuring of our political economy.

Wood et al (2010) describe the work of an author, Noel Tichey on managing strategic change. Experts use three fundamental sets of change in their approach; technical design, political allocation and culture/ideological mix problems. It is one of these problems that becomes a pressing issue at any one time of which then initiates the change.
