Reading Mode looks like an open book, however, all the free books on the Read Print site are divided by chapter so you'll have to go back and open it every time you start a new chapter.

Experience History Interpreting Americas Past

Two things are worth noting about this perspective on history: first, that it simplifies the task of interpreting and explaining history (because we can take it as given that we can understand the actors of the past based on our own experiences and nature); and second, it has an intellectual heir in twentieth-century social science theory in ...

Historical negationism, also called denialism, is falsification or distortion of the historical record. It should not be conflated with historical revisionism, a broader term that extends to newly evidenced, fairly reasoned academic reinterpretations of history. In attempting to revise the past, illegitimate historical revisionism may use techniques inadmissible in proper historical discourse ...

Amerigo Vespucci, merchant and explorer-navigator who took part in early voyages to the New World (1499-1500 and 1501-02) and occupied the influential post of piloto mayor ('master navigator') in Sevilla (1508-12). The name for the Americas is derived from his given name.

Amerigo Vespucci | Biography, Accomplishments, & Facts ...

Future settlers and colonizers of the Americas would also perceive and widely perpetuate this construct of American history. The real irony is that long before Columbus made contact with the "New World," – a world that he believed was in India – many Native American populations had already developed highly advanced civilizations.

Global History v Robin W. Winks, in The Historian As Detective, makes the analogy between the works of two professions the historian and the detective. It is a link that we want students to make as we ask them to do history. Just as historians become detectives as they work with clues from the past, students

Document Based Assessment for Global History

Apocryphal texts such as the Book of Enoch provide additional clues about the Nephilim / Anakim people, but these texts are generally regarded by academics as lacking validity because they were omitted from the official biblical cannon. However, the term apocrypha comes from the Greek roots apo (away) and krytein (to hide or conceal). This would suggest that these books were not omitted due to ...
