Just Babies The Origins Of

Verified Purchase. Just Babies: The Origins of Good and Evil by Paul Bloom was recommended reading for a class on morality that I took a few months ago. The idea of studying babies to see how they react to determine just how much of morality is hardwired in us fascinated me.

Just Babies: The Origins of Good and Evil: Bloom, Paul ...

* Just Babies is a fascinating, original exploration of our sense of right and wrong. Bloom and his colleagues plumb the mysteries of morality by playing games with babies, and in this witty, elegant book, he demonstrates the profound lessons we can gain from their responses. After finishing it, you'll never look at an infant the same way again.*

Just Babies: The Origins of Good and Evil by Paul Bloom ...

It starts with what we are born with, and this is surprisingly rich: babies are moral animals, equipped by evolution with empathy and compassion, the capacity to judge the actions of others, and even some rudimentary understanding of justice and fairness. But we are more than just babies.
