But it isn't a complete course for learning Japanese – more of a reference guide. There is a lot of information but no practise exercises etc. I recommend using it along side another textbook (like Genki) or online course (like JapanesePod101) to look up grammar points when you need more details and examples. Reply

Best Books to Learn Japanese - Team Japanese

Pokemon is a great game to learn japanese since it tends to use easy-to-understand language since it is aimed for kids. Playing games is one of the best ways to learn a language, you see a lot of text repetition in menus, in some games with voice acting you hear how the words that are written are said, and it helps a lot with the familiarization.

I've started to learn Japanese and I want to play Pokemon ...

GENKI I: An Integrated Course in Elementary Japanese. This is the best all around book for beginners learning Japanese in English. I used this in my first year studying Japanese. I found it to be far better and easier to use than the many other books I was using. See price on Amazon
