Download PDF Mastering Search Analytics: Measuring SEO ...

In search engine optimization, measurement is critical to success. Sure, keyword rankings are a great measure of SEO. More keywords ranking higher means more traffic, right? But, reporting solely on keywords devalues the marketer's role and doesn't paint the full picture of why SEO is important to the organization.

Mastering Search Analytics eBook por Brent Chaters ...

Continue reading to learn why Google Analytics and Google Search Console are critical for measuring SEO success. The answer comes in the form of data. Undeniable, cold, hard data. Having access to irrefutable, objective data can help you choose which path to take when it comes to SEO.

Measuring SEO Success with Google Analytics & Search Console

I was disappointed in Mastering Search Analytics by Brent Chaters (O'Reilly Publishing, October 2011, 359 pages). While full of accurate information on the different sub fields of 'search', organic, paid, site, etc., there is so much unneeded content, often poorly presented, that the book became burdensome to read.
