In *The Death of
Woman Wang*, Spence
explores many facets
of Chinese society
during the later part of
the 17th century. The
book examines three
sources that focus on
what in all honesty are
historically insignificant
events that took place
in the obscure T'an-
ch'eng county
(Shandong province)
over a span of four

husband murders his wife and falsely accuses his neighbor of the crime he committed. His actions would be punishable by death, except that he was exonerated because his wife had betrayed her husband by running away with her lover before eventually being caught and returned to her husband, so the law says she deserved to die.
