The Etruscans Lost Civilizations
The Etruscan civilization (/ ɪ ˈ t r ʌ s k ən /) of ancient Italy covered a territory, at its greatest extent, of roughly what is now Tuscany, western Umbria, and northern Lazio, as well as what are now the Po Valley, Emilia-Romagna, south-eastern Lombardy, southern Veneto, and western Campania.. The earliest evidence of a culture that is identifiably Etruscan dates from about 900 BC.

By Lemurian times the poles were sheathed in ice, and a warm and fertile land mass southeast of Asia was a much better site for human societies. Over a period of many thousands of years, great civilizations rose and fell in Lemuria and in other parts of the world, most of them long since lost beneath the oceans.

Evolution News -- ScienceDaily
Roman sculpture did, however, begin to search for new avenues of artistic expression, moving away from their Etruscan and Greek roots, and, by the mid-1st century CE, Roman artists were seeking to capture and create optical effects of light and shade for greater realism. The realism in Roman portrait sculpture and funerary art may well have developed from the tradition of keeping realistic wax ...
