The internet is filled with free e-book resources so you can download new reads and old classics from the comfort of your iPad.

The Greeks And The Irrational

While Ancient Greeks are most known for the triumph of rationalism over superstition and magic, E.R. Dodds presents an alternate history which demonstrates that, despite the intellectual advancements in the direction of reason, the Greeks (particularly Plato) of the Golden Age fundamentally retained certain pre-5th century magical (read: irrational) thinking within their traditions.

The Greeks and the Irrational by E. R. Dodds

The Greeks and the Irrational is great in itself and may have value, as Dodds indicates in his closing chapter, to moderns seeking to understand their own relationship with irrationality. It is also enlightening background reading for any student of the classics generally, in particular providing useful commentary on Homer, Plato (lots on Plato) and the tragedians.

The Greeks And The Irrational: Dodds, Eric Robertson ...

The Greeks and the Irrational. In this philosophy classic, which was first published in 1951, E. R. Dodds takes on the traditional view of Greek culture as a triumph of rationalism. Using the analytical tools of modern anthropology and psychology, Dodds asks, "Why should we attribute to the ancient Greeks an immunity from 'primitive' modes of thought which we do not find in any society open to our direct observation?"

A famous—one might say notorious—argument in The Greeks and the Irrational is that the archaic Greek's supposed anxieties and sense of guilt were a product of the tensions between fathers ...

The Greeks and the Irrational

Greeks, and Greek culture in general, is apt to appear lacking in the awareness of mystery and in the ability to penetrate to the deeper, less conscious levels of human experience. This fragment of conversation stuck in my head and set me thinking.

The Greeks and the Irrational - ΙΣΟΤΗΤΑ (=) EQUALITY

E.R. Dodds "The Greeks and the irrational" is based a series of lectures the author gave at Berkeley in 1949 and by his admission "reproduced here substantially as they were composed." I have a fervent wish other scholars in the last half-century have followed up on his work, although as of this writing I'm unaware of the extent to which they've done so.
