The Poky Little Puppy was one of the original twelve Little Golden Books published in 1942, and went on to become the bestselling picture book of all time. The story of a curious puppy, who digs holes under fences and who has to go to bed without any strawberry shortcake, has delighted families for generations. It is, quite simply, an icon.

Fantastic Four contain examples of:  
Ability Mixing: The Super Skrull has all the powers held by the Fantastic Four at the time he was created, in addition to his natural shapeshifting abilities. While less experienced with his individual powers than the Four, and lacking the forcefield abilities which Sue later manifested, some writers have him make up for this by combining his abilities in ...
