The Politics Of Memory The
Memory is a political instrument. Whether we choose to remember something or not depends on political priorities of the present - which is not the same thing as saying that the thing we choose to remember never happened. Raul Hilberg did not have a religion. If one cannot find a purpose of life, then must find a purpose in it.

If the guardians of human knowledge stumble only one time, in their fall collapses the whole edifice of knowledge and understanding. The politics of free societies depends on the handing on of memory. That was Moses' insight, and it speaks to us with undiminished power today.

The Politics of Memory (Eikev 5779) - Rabbi Sacks

The chapter proposes a novel conceptualization of the politics of memory and commemoration and a theoretical framework designed to explain the emergence of different types of memory regimes. The chapter argues that the interaction of mnemonic actors determines the nature of the resulting memory regime. Four ideal-types of such actors are identified: mnemonic warriors, pluralists, abnegators, and prospectives.
