The Provision Of Public Services

Public service is a service intended to serve all members of a community. It is usually provided by government to people living within its jurisdiction, either directly or by financing provision of services. The term is associated with a social consensus that certain services should be available to all, regardless of income, physical ability or mental acuity. Examples of such services include the fire brigade, police, air force, and paramedics. Even where public services are neither publicly pro

Public service - Wikipedia

As these nonprofits provide more public services many of the same concerns that circulated around the for-profit provision of these services apply to them. This includes the level of democracy encouraged or suppressed through their involvement. Lastly, concerns have been raised about the level of professionalism in providing these services.
