On Windows 7, 8, and 8.1, ThinkPad T/W/X systems use fingerprint software. T440 and later models use Lenovo Fingerprint Manager Pro. This software was needed because those versions of Windows did not natively support fingerprint readers. Starting with Windows 10, Microsoft has added full support for fingerprint readers into the operating system.

The Pen came in a little white box inside - absolutely no user manual. I Googled and found a user guide for the Active Pen 2, but it seems different. There does not seem to be a button at the top end of the pen as the Active Pen 2 user guide shows. Is there something like a User Guide for the Active Pen (1)?
