Having said that, flying first class on a domestic airline is really nothing special, as everybody knows by now. The first time I flew first class was in 2000, when Lehman Brothers paid for me to fly from San Francisco to New York. I got a three-course meal with chilled silverware, and constant attention from the flight attendants.

1. The Logic of Collective Action. The strategic structure of the logic of collective action is that of the n-prisoner's dilemma (Hardin 1971, 1982a). If n is 2 and the two members are able to coordinate on whether they act together, there can be no free rider unless one of the members is de facto altruistic. As represented in Game 1, prisoner's dilemma for two players is essentially the ...

Third, post-Keynesians seem to share a certain awareness of the limits to economic knowledge. This is reflected in a certain caution and modesty with respect to the reliability of economic predictions about quantitative variables (e.g. GDP growth or inflation) of a dynamic economy that is subject to structural change.

Summary. Economics in One Lesson by Henry Hazlitt (1978 revised edition) is a short introduction to basic economics for the layperson. The book was originally published in 1946, but the economic lessons presented remain vital to the present day. Hazlitt articulates the core idea of the book in chapter one: "The art of economics consists in looking not merely at the immediate but at the ...
