Speed up access to COVID-19 tests, medicines and vaccines. A top priority in 2021 will be to continue work across the four pillars of the ACT-Accelerator to achieve equitable access to safe, effective COVID-19 vaccines, tests, and treatments. Ensuring that health systems are strong enough to deliver vaccines is also vital.

### **RECOMMENDED ACTIONS BEFORE, DURING AND AFTER A PANDEMIC ...**

An influenza pandemic is an epidemic of an influenza virus that spreads across a large region (either multiple continents or worldwide) and infects a large proportion of the population. There have been five in the last 140 years, with the 1918 flu pandemic being the most severe; this pandemic is estimated to have been responsible for the deaths of 50-100 million people.
