Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as share prices, interest rates and exchange rates, as opposed to those concerning the real economy.

Lean manufacturing (also known as lean production, just-in-time manufacturing and just-in-time production, or JIT) is a production method aimed primarily at reducing times within the production system as well as response times from suppliers and to customers.. It is derived from Toyota's 1930 operating model "The Toyota Way" (Toyota Production System, TPS).
